Caring for your clothes is caring for the environment.

Only wash your garments when necessary; sometimes you only need to freshen them up. Since washing slowly deteriorates fabrics, if you wash your garments less often, you can lengthen their life and reduce the consumption of water and energy used in care processes.

Hand wash at max. 30°C/86°F

Do not use bleach

Iron at a maximum of 110°C/230°F

Do not dry clean

Do not tumble dry
